

Dmytro HONCHARENKO

Full-stack Developer

Applying for Master 1 in Computer Science — 2026–2027

Third-year Computer Science student at the University of Poitiers, 22 years old, with over two and a half years of experience developing a web platform. I led the integration of HubSpot CRM and contributed to the development of an iOS application. Accustomed to teamwork, I am able to communicate clearly on technical topics.
